

Parking Reminders 2019 - 2020

Dear Bryan School Families,

Our staff is looking forward to seeing you all, again, as we make our way toward the start of school. With construction at EHB continuing this fall, please adhere to the following reminders regarding parking:

- A portion of staff have been assigned to 10 available spaces at St. Therese via an agreement reached between the school district and St. Therese School. St. Therese will continue providing use of their lower lot for 15-minute drop-off and pick-up, but please be aware that, like last year, space in the lot will continue to be occupied by EHB staff.
- Regarding the parking lot directly across the street from Bryan School, please refrain from using this space, as it is reserved for staff only. There can be no parking/standing in this lot for morning drop-off or afternoon pick-up.
- The south end of the field on Prospect Avenue off Brookside will routinely be used by EHB staff for parking.
- For other detailed notes regarding parking as per recommendations from our local police, please see the section of my opening letter titled "Safety Procedures at Bryan School."
- Last year, we had consistent issues with members of our community blocking driveways of residents on Brookside during a.m. drop-off and p.m. pick-up. Thank you for being considerate of our Brookside families and for refraining from leaving your car parked or standing in front of access to their homes. This is an issue of respect, as well as safety.

Thank you for your cooperation with these arrangements.

Erik W. Roth
