Mr. Erik Roth, Principal

September 11, 2019

Dear Parents/Guardians,

Students in kindergarten through fifth grade will be participating in social skills building with students in our Step By Step program. Your child, alongside teachers, will provide students with disabilities the appropriate language, social and play models of same-age peers.

This is a great opportunity for your child as it will be a fun learning experience. Please note that your child will not miss any academic instruction in the classroom. All activities will take place during their PARE period 1x/week. In addition, there are many children participating and we will do our best to accommodate all those that wish to participate by rotating the student volunteers.

Please note all student volunteers will have the tools to be successful in this partnership. If questions arise, a teacher will be present to answer any questions. The students will have the opportunity to build a strong friendship, as well as appreciate and accept children who are different from them. They will also have the opportunity to help others achieve academic and social success.

If you **DO NOT** want your child to participate in this program, please sign and date the bottom of this form and return the form to your classroom teacher by Friday, September 20, 2019. If you have additional questions, please contact Dr. Janelle Amato at [jamato@cboek12.org](mailto:jamato@cboek12.org).
